

The Scope 3 Innovation Forum

Amsterdam | 16 -17 June 2026

A strategy for climate competitiveness

FROM CLIMATE TARGETS TO ACTION • SUPPLIER ENGAGEMENT
ENERGY TRANSITION • DATA TECHNOLOGY AND PROCESSES

The conference

The Scope 3 Innovation Forum 2026 will bring together senior sustainability, procurement, finance and strategy leaders to explore how value-chain decarbonisation can strengthen business competitiveness and resilience.

Key themes

From climate targets to climate action

How leading businesses are performing against their climate targets, and the practical steps to transition from targets to action in the short, medium and long term

Supplier engagement

Best practice and leading company approaches to engage, incentivise and enable suppliers on emissions reductions

Energy transition

How companies scale renewable energy, share impact, and tackle rising supply-chain energy demands.

Data, technology and processes

How new tools, data systems and AI can improve accuracy, comparability and integrity in Scope 3 action.

Agenda highlights

- **Reality check:** Is Scope 3 ambition translating to real-world progress?
- **SBTi 2.0:** How new standards will reshape corporate climate targets and accountability
- **Policy alignment:** Linking business strategy to national climate roadmaps
- **Climate competitiveness:** How decarbonisation is driving risk mitigation and supply security
- **Aligning purchasing decisions with Scope 3 targets:** Carbon pricing, climate clauses and procurement innovation
- **Climate resilient supply:** Integrating adaptation into transition planning
- **GHG accounting standards:** What the evolving landscape means for disclosure and strategy
- **Net zero banking collapse:** What it signals for the future of climate finance

relations & sustainability

Chrissy Britton
Walmart
Senior manager, sustainability,
project Gigaton

Gabrielle Ginér
BT
Head of environmental sustainability

SEE THE FULL SPEAKER LIST >>>

What's different about this forum?

INNOVATION FORUM IS:

- ✓ **Candid:** Entirely off-the-record discussion that enables open and honest disclosure from speakers and genuine participation from the audience
- ✓ **Practical:** A clear focus on the practical and actionable guidance that can drive change throughout industries and supply chains
- ✓ **Focused:** We provide enough time, resources and expertise to the issues that really matter. We don't skate the surface, but get to the crux of the issues to provide in-depth, constructive discussion

INNOVATION FORUM IS **NOT**:

- ✗ **A PR platform:** Enthusiastic speakers are NOT given free rein to fill a session presenting their companies, allowing no time to actually get to the crux of the issues
- ✗ **A talking shop:** This is NOT an opportunity for a group of people in a room to simply agree with everything said, regardless of outcomes
- ✗ **All promise, no delivery:** We will NOT promise what we can't deliver. The issues covered are complex. They won't be solved at a two-day conference. But we will help deliver progress through in-depth, constructive and practical advice around specific issues

Promote a discussion that aligns with your values, sustainability credentials and leadership position

Engage a highly relevant audience of stakeholders around your sustainability programmes and initiatives

Boost awareness of your programmes through extensive exposure in the months around the conference

Support and drive progress in supply chain innovation and low-carbon solutions to deliver scope 3 reduction on the road to net zero

EXHIBITION AND SOLUTION ZONE

The forum will showcase the leading innovations and solutions that assist business in creating sustainable agricultural and commodity supply chains. These solutions will be positioned in the very heart of the networking area. Exhibitors will make the most of prominent exposure over 6+ hours of dedicated networking time, creating long lasting connections with 200+ decision makers all pre-qualified with specific sustainability challenges in your field.

STAKEHOLDER ENGAGEMENT AND COMMUNICATIONS

Around the forum, we'll be continuing the conversation through sponsored workshops, roundtables and webinars. Created bespoke, these discussions are designed to strengthen dialogue and build relationships with key stakeholders. These engagement opportunities allow business to utilise IF's reputation and network to ensure key insights into policies, programs and initiatives.
